WEARING MASKS WILL KEEP US

EMPLOYERS MUST PROVIDE MASKS AND FACE SHIELDS.

- Employers must offer an appropriate mask to their employees at no cost to cover their nose and mouth. The mask is to be worn by the employee at all times during the workday, when with others.
- Please instruct employees on the proper use of their mask, including the need to wash or replace it daily. Employees should use, clean and disinfect face shields as per the manufacturer's directions.
- Provide a face shield to wait staff and others who are servicing customers. Employees must wear the face shield and mask, especially when in contact with customers who are not wearing a cloth face covering to eat and drink. Masks protect others from the wearer's droplets and face shields help protect the wearer from others' droplets.
