WE'RE WORKING to keep YOU SAFE

OUR STAFF IS VACCINATED, KEEPING THEIR MASKS ON AND FREQUENTLY WASHING THEIR HANDS.

By getting the vaccine against COVID-19, we continue to protect ourselves and keep our community safe. When we're safe, we can get back to work safely, together.

If you have questions about workplace guidelines or getting the vaccine against COVID-19, please contact LA County at 1-833-641-0305.
